

Sustainability & Ethical Sourcing Policy

Effective from: 28th February 2026

Contact: enquiries@melodyjoan.com

We're doing our bit to be kind to the planet.

- Our candles are natural, cruelty-free wax and cotton wicks in reusable glass jars.
- Packaging is recyclable or biodegradable wherever we can make it.
- We choose jewellery materials from ethical UK suppliers. Some of our brands even use recycled sterling silver.
- We reuse boxes, packaging, and materials whenever possible.

We're not perfect, but we're always working to improve.

We are currently working on creating a full sustainability plan for 2027.
