We want everyone to have a safe and happy experience when visiting us at markets and events.

- Candles and wax items are displayed safely — never lit on the stall.
- Displays are sturdy and secure.
- We hold Public Liability Insurance for our market trading.
- Any electrical equipment is PAT tested and well-maintained.
- We follow all venue safety rules and keep things tidy to avoid accidents.

Your safety means a lot to us — thank you for helping us keep it that way.
